Explanation of Responses:

- No new option grants have been made to the reporting person. This Form 4 is only being filed to reflect the increase in the exercise price of certain options previously granted to the reporting person. For a detailed description of the reason for the increase please see the issuer's Form 10-K report for the year ended February 3, 2007.
- The options were originally to become exercisable in five equal installments of 20% (on a cumulative basis) commencing on April 28, 2006 and each anniversary thereof - on February 27, 2006 the issuer accelerated the vesting of all options that had not vested, accordingly all options are exercisable on the date hereof.
- The reporting person and the issuer have amended the option to buy shares of common stock of the issuer issued to the reporting person on April 29, 2005 to increase the exercise price to the average of the high and low trading price on the date determined by the issuer to be used as the measurement date for such option in restating its financial statements, as discussed by the issuer in its Form 10-K report for the year ended February 3, 2007; the other terms of the option, including when the option shall be exercisable and the expiration date, have not been changed and no consideration was paid to the reporting person in connection with the amendment. For Section 16 reporting purposes only, the increase in the exercise price is deemed to be a cancellation of the pre-amendment option in exchange for the grant of replacement option with the increased exercise price.
